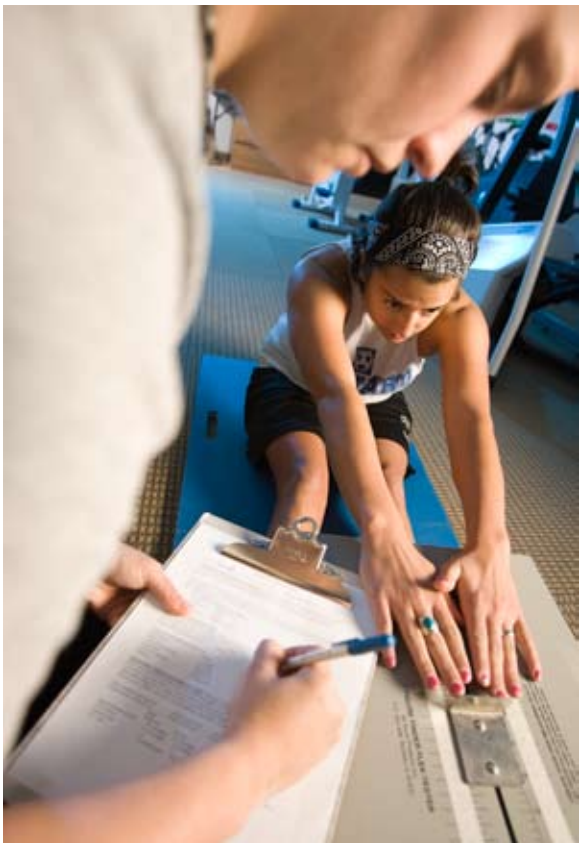
Health Sciences

BREVARD COLLEGE

step in. stand out.

The Health Science Studies (HSS) major is designed for students planning to enter graduate or professional programs in dentistry, medicine, pharmacy, public health, physician's assistance, physical therapy, sports medicine and veterinary medicine. The goal of the HSS major is to educate students with excellent and distinctive preparation for their professional careers. This includes mastery of traditional disciplinary science and mathematics courses (biology, chemistry, physics, and calculus), ethical and psychological understanding, experiential learning and integrative learning.



What kinds of careers may be pursued with a degree in Health Science Studies?

- Biomechanist
- Cardiopulmonary Rehabilitation Specialist
- Chiropractor
- Dentist
- Dietitian/Sports Nutritionist
- Educator
- Epidemiologist
- Exercise Physiologist
- Forensic Medicine
- Health Administrator
- Industrial Hygienist
- Medical Physician
- Mortician
- Naturopathic Physician
- Nurse
- Occupational Physiologist
- Occupational Therapist
- Osteopathic Medicine
- Pathologist
- Pharmacist

Need-based Financial Aid is also available to all students who qualify as a result of filing the Free Application for Federal Student Aid (FAFSA).

Required Courses:

Sciences – 48 hours
- Biology 110, 120, 210, 220
- Math 121, 211, or Math 211, 221
- Chemistry 103, 104, 201, 202
- Physics 103, 104 or Physics 201, 202

Human Interactions and Psychological Knowledge – 6 hours
- Ethics – 3 hours
- Psychology – 3 hours

Experiential – 2 hours
- Health Science Studies Internship – 2 hours

Integrative and Experiential – 4 hours
- Senior Project I – 2 hours
- Senior Project II – 2 hours

Careful selection of a minor to complement the major is an important aspect of this educational program. Students will be counseled to select from a variety of minors at Brevard College. The minors cover the broad areas of life sciences, social sciences, humanities, business, environment, recreation, exercise science and fine arts.

Read what a recent graduate said about BC:

"The best part of my academic experience has been through the small class sizes here at Brevard. I get to work one on one with professors. I love how the faculty actually invest themselves in the students. If you work hard, they will help you succeed."

Division of Science and Mathematics:

Major Programs:
- Biology, (B.S.)
- Environmental Science, (B.S.)
- Environmental Studies
- Exercise Science, (B.A. or B.S.)
- General Science
- Health Science Studies
- Mathematics

Minor Programs:
- Biology
- Chemistry
- Coaching
- Ecology
- Environmental Studies
- Fitness Leadership
- Geology
- Mathematics
- Natural History
